

RURBAN CLUSTER

- ❖ A 'Rurban cluster' is a cluster of geographically contiguous villages with a population of about 25000 to 50000 in plain and coastal areas and with a population of 5000 to 15000 in desert, hilly or tribal areas.
- ❖ Through Rurban Mission, Government aims to combine the spirit of villages and facilities of cities.

Vision:

Development of a cluster of villages that preserve and nurture the essence of rural community life with focus on equity and inclusiveness without compromising with the facilities perceived to be essentially urban in nature, thus creating a cluster of Rurban Villages

Preparation of Integrated Cluster Action Plan:

STEP 1:Selection of Cluster:

- The cluster selection process is done by the Ministry and the State RD Departments.
- The Ministry identifies a set of potential locations (sub districts) for Rurban clusters.
- The State identified a set of contiguous villages around a growth centre within the sub district to form a Rurban cluster

RURBAN CLUSTER(NEAR T N PURA)

Details of Cluster	As per 2011 Census
No of Grama Panchayath	3
No of Villages	7
Total Area in Ha	1325.64
Total Population	28324
No of Households	7081
Total Male Population	14199
Total Female Population	14125
SC Population	9575
ST Population	1801
Literacy Rate	58.82%
Average Sex Ratio	991
Decadal Growth Rate	13.25
Distance from District HQ	Mysore(40 KM)
Distance from Taluk HQ	T N Pura(7 KM)

RURBAN CLUSTER(NEAR K R NAGARA)

Details of Cluster	As per 2011 Census
No of Grama Panchayath	3
No of Villages	7
Total Area in Ha	1121.6
Total Population	25103
