## **RURBAN CLUSTER**

- For 2041 the water requirement is 3.45 MLD for the said population
- If we take 80% of water is generated as waste water, the estimated sewage is 2.76 MLD, hence the STP having 3 MLD SBR should be constructed by seeing the topographical condition of the Cluster
- The Sewer Lines along the road should be completed
- The STP has been integrated with SWM & 100m of Buffer is provided to separate from the surrounding environment.

SCHEMES FOR THE PROPOSED AMENITIES  OF NO Desirable Potential Scheme for converge				
SL NO	components	Desirable Outcome	Name	Brief
1	Skill Development training Linked to Economic Activities	At-least 70 percent household with one beneficiaries in each households	Deen Dayal Upadhyaya Grameen Kaushalya Yojana (DDU-GKY)	1) Outcome led desig 2) Guaranteed Placeme for at least 75% trained candidates 3) Shift in emphasis fro training to career progression 4) Industrial Internship
